

Framing Dimension Error on 864 TV 40K Flyer

The 864 TV 40K flyer that was sent out with the product release last Friday had an incorrect minimum enclosure height dimension.

The correct minimum enclosure height is 62-3/4" (1,594mm). The flyer has been updated on the Back Office and product release link.

We apologize for the inconvenience. Please don't hesitate to contact us with any questions.

Warm Regards,
