DaVinci
CUSTOM FIREPLACES®

Category I Fireplaces - 3 Ft to 6 Ft

DaVinci Custom Fireplaces™

The most innovative and unique fireplaces ever made

DaVinci is a fusion of fire and iconic, contemporary design – The epitome of the perfect decorative, non-heating custom gas fireplace in all areas of design, innovation and functionality. With DaVinci, there are no design limitations.

The breathtaking beauty and style of a DaVinci Custom Fireplace will create a dramatic focal point in any room. A sleek, contemporary profile features an all-glass viewing area that surrounds a ribbon of rich, dancing flames. DaVinci's signature fire presentation draws you in with its striking presence of mesmerizing flames over a bed of Platinum reflective crushed glass with adjustable vibrant multi-color LED lighting.

Contents

DaVinci Custom Fireplaces® range in length from 3 to 6 feet, and feature five different glass heights of 12, 20, 30, 36 and NOW 58" inches.

Watch a short video on how DaVinci Custom Fireplaces are made.

Safe Touch Glass™

Your safety is our number one concern. Innovative engineering keeps our double-pane, crystal clear glass at extraordinarily low temperatures, reducing any potential for injury.

This standard safety feature on every DaVinci Custom Fireplace makes them ideal for decorative home applications and high traffic commercial installations.

Zero Clearance To Combustible Surfaces

The fireplace's exterior remains cool to the touch from the outside air that is ducted to the fireplace. This eliminates the use of expensive non-combustible building materials and gives you the freedom to finish right up to the edge of the glass with any building materials you desire.

Sheetrock

Use the clean finish edge on sheetrock or the custom black painted metal trim along the top edge.

Wood

Any wood finish of your choice can be installed right to the edge of the glass.

Tile or Stone

Use Hardy Board siding or attach stone or tile directly to the fireplace. Stone or tile can go right to the edge of the glass.

Features

- Manufactured in Mukilteo, WA by Travis Industries, North America's premier manufacturer of hearth products.
- Winner of the prestigious Hearth Industry VESTA Award for Best New Gas Fireplace in North America for 2014.

Multi-Colored Interior LED Lighting

DaVinci's Platinum crushed glass floor is under-lit with vibrant colored LED lights that take this fireplace to a whole new level when illuminated. An endless array of vivid colors is at your fingertips, allowing you to set the mood and create the perfect ambiance for any occasion. The burst of color adds a mesmerizing glow around the flames and reflects off the crushed glass floor to create a dramatic presentation of fire unlike anything you've ever seen. Looking for a more subtle organic look? DaVinci Custom Fireplaces now offers Black Crushed Glass or Rock Ember options.

Upgrade Options

Choice of Liners (Required)

These contemporary liners provide a dramatic backdrop to the dancing flames of your DaVinci.

Black Paint Finish

Silver Paint Finish

Black Porcelain Finish

NEW Black Glass

Choice of Optional Trim

Accent your DaVinci with a 2" Black Trim or the hand-hammered IronWorks™ Trim.

The IronWorks™ Trim is both a study in craftsmanship and a true work of art individually made by our talented in-house blacksmiths. Each IronWorks™ Trim features hammered, textured surfaces and intricate detailing.

The IronWorks™ Trim is available in your choice of hand-rubbed Bronze Patina or Burnished Patina. These finishes are hand-applied by skilled artisans and are absorbed deep into the metal, giving a rich luster and imparting a unique look with no two finishes exactly alike.

Bronze Ironworks®

Patina Ironworks®

2" Wide Black Painted

Heat Exchanger Kit

While the DaVinci is primarily designed as a non-heating fireplace, there are occasions where heat is desired.

DaVinci Custom Fireplace makes a heat exchanger add-on option that allows you to vent heat in the room where the fireplace is located, or into a nearby location within the building.

Heat exchanger is not currently available for Bay and Island fireplaces.

Exterior Window Kit

The DaVinci Single-Sided and See-Thru models are now approved for Indoor/ Outdoor Installation. This installation requires the NEW Exterior Window Kit. The Exterior Window Kit can accommodate fireplaces up to 10 feet in length and can be used with 12, 20, 30, 36 and 58" inch tall glass.

Fyre Art™

Choice of Optional Fyre-Art™

Transform the overall look of your DaVinci with one of these transitional Fyre-Art™ options. We craft our Fyre-Art™ based on pieces of driftwood and time worn stones to offer the most detailed and realistic media available.

Traditional Log Set

Driftwood Log Set

Birch Logs - 20" Glass Models Only

Twig & Stone Kit

Bamboo Logs - 20" Glass Models Only

Tumbled Stone Kit

Single-Sided

The sleek simplicity of this fireplace lends itself to a wide range of applications and has the ability to complement any residential or commercial space with its clean, dynamic view, and a fire that will not overheat your dinner guests. Available in one foot lengths from 3 feet to 5 feet. Choose 12", 20", 30", 36" and 58" tall glass.

This home setting features a 60 inch (5 Ft) Single-Sided Fireplace with 20" tall glass

Right or Left Corner

This eye-catching corner design adds visual depth and dimension to the fireview, while architecturally complementing a variety of applications. The modular design of the DaVinci allows us to custom build Corner Fireplaces in lengths Available in one foot lengths from 3.5 feet to 5.5 feet and glass in 12", 20", 30", 36" or 58" heights. **NOW COMES POSTLESS!**

54" (4.5 ft) Right Corner fireplace with 20" tall glass

Bay Window

This fireplace features a contemporary three-sided glass design that showcases the fire from multiple view points and provides a dramatic focal point to any room. Available in one foot lengths from 4 feet to 6 feet and your choice of 12", 20", 30", 36" or 58" tall glass. **NOW COMES POSTLESS!**

72 Inch (6 ft) Bay Window fireplace with 12" tall glass

Pier

The unique architectural design of this fireplace serves as a beautiful focal point that can be used to divide a large living space or integrate two smaller spaces. Available in one foot lengths from 3.5 feet to 5.5 feet and glass in 12", 20", 30", 36" or 58" heights. **NOW WITH POSTLESS OPTION**

54 Inch (4.5 ft) Pier fireplace with 20" tall glass

See-Thru

The See-Thru can serve as a stylish viewing window between two rooms, or provide a breathtaking display of fire to the center of large rooms and outdoor living spaces. Available in one foot lengths from 3 feet to 5 feet. Choose 12", 20", 30", 36" or 56" tall glass.

Indoor/Outdoor 60 Inch (5 ft) See-Thru fireplace with 36" tall glass

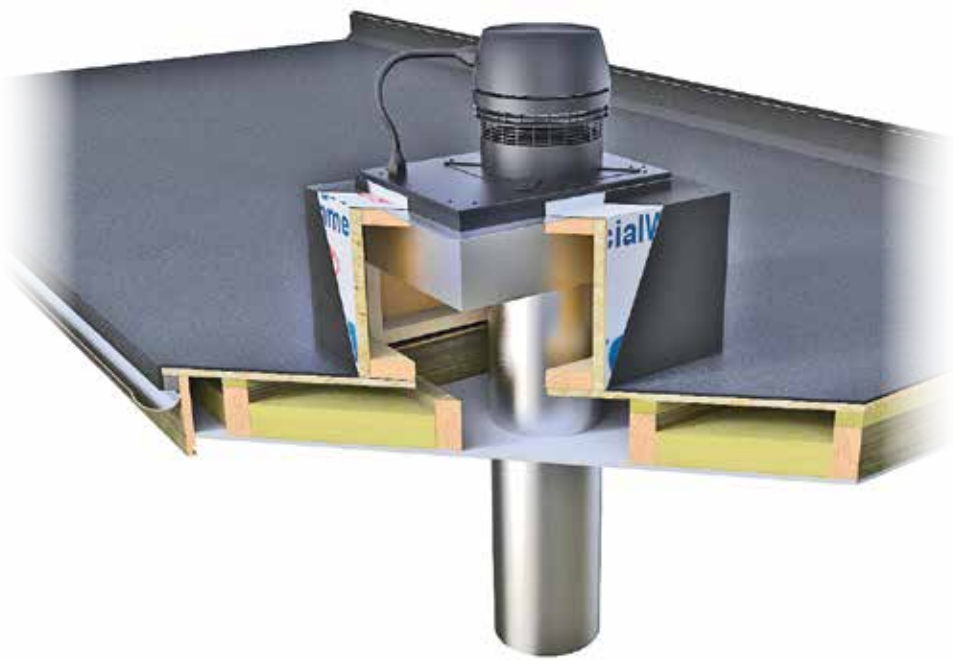
Island

The Island makes a stunning focal point for the center of any living space, as it features a 360 degree wrap-around fire view that can be enjoyed from any angle in the room. Available in one foot lengths from 4 feet to 6 feet and choice of 12", 20", 30", 36" or 58" tall glass.

72 Inch (6 ft) Island fireplace with 20" tall glass

Venting

All DaVinci Custom Fireplaces are power vented. A quiet power vent exhaust system pulls combustion air into and around the fireplace while at the same time exhausting combustion gases through the exhaust vent and out of the building. This system solves all venting challenges and accommodates vent runs up to 150 feet long or 3 feet below the unit, allowing you to install a DaVinci anywhere your imagination pictures it.



Vertical (Roof Top) Power Exhaust Vent Fan Termination

Check with your local building codes for snow pack height requirements.

Horizontal Termination (Inline Power Exhaust Fan)

Custom “L” Fireplaces By DaVinci - No Limitation!

The “L” is a larger than life new fireplace by DaVinci. As the name “L” suggests, this fireplace features a 90 degree turn of dancing flames extending in opposite directions, creating a stunning and architecturally unique presentation of fire.

With The “L” you have the ability to feature a fireplace with single or multiple 90 degree right and left corners of fire that can be configured as a Single-Sided, See-Thru, Bay Window, Island, Pier or Corner fireplace with any length sides you desire and glass heights ranging from 12 – 58 inches tall.
