

FOUNDATION SERIES

SINGLE-SIDED LUXURY GAS FIREPLACES

HEAT & GLO
No one builds a better fire

Design | Innovative Technologies

- Large viewing area, available in four lengths: 4',5',6' and 7'
- Patented SafeSurface™ double-pane glass - proprietary cooling system keeps heat away from outer glass surface with no safety screen needed
- Customize to your style with multiple interior options, including glass media, real natural stones, driftwood logs and reversible mirrored interior panels
- Combustible finishing materials can be brought right to the fireplace with the ability to place a TV directly above opening
