FIREPLACEX.COM

ProBuilder 36 CF See-Thru is shown with the Birch Log Set and Black Glass Fireback

The ProBuilder 36 Clean Face See-Thru Deluxe is the perfect choice for anyone wanting to divide two separate rooms. The unique see-thru design of this fireplace adds visual depth and dimension to any space, while showcasing two stunning views of the fire. The ProBuilder 36 See-Thru is ideal for providing supplemental warmth to spaces up to 1,800 square feet.

This Deluxe model comes standard with the full-function GreenSmart® Remote Control, 130 CFM fan, and spectacular Ember-Glo™ ember bed lighting that is viewable on both sides. Our Comfort Control™ feature gives you complete heating control with a 73% turn down rate, to keep your family comfortable any time of year. Choose between two high definition log sets and two fireback styles to make your fireplace your own. The ProBuilder 36 Clean Face See-Thru Deluxe works without electricity, to provide backup heat any time you need it.
